From: Lee "Pat" Gochmour  
Subject: Preexisting Disturbance Map - Lisbon Valley Project

## COMMENTS:

Mr. Gallegos:

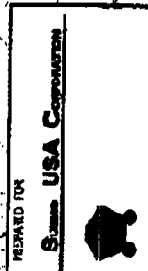

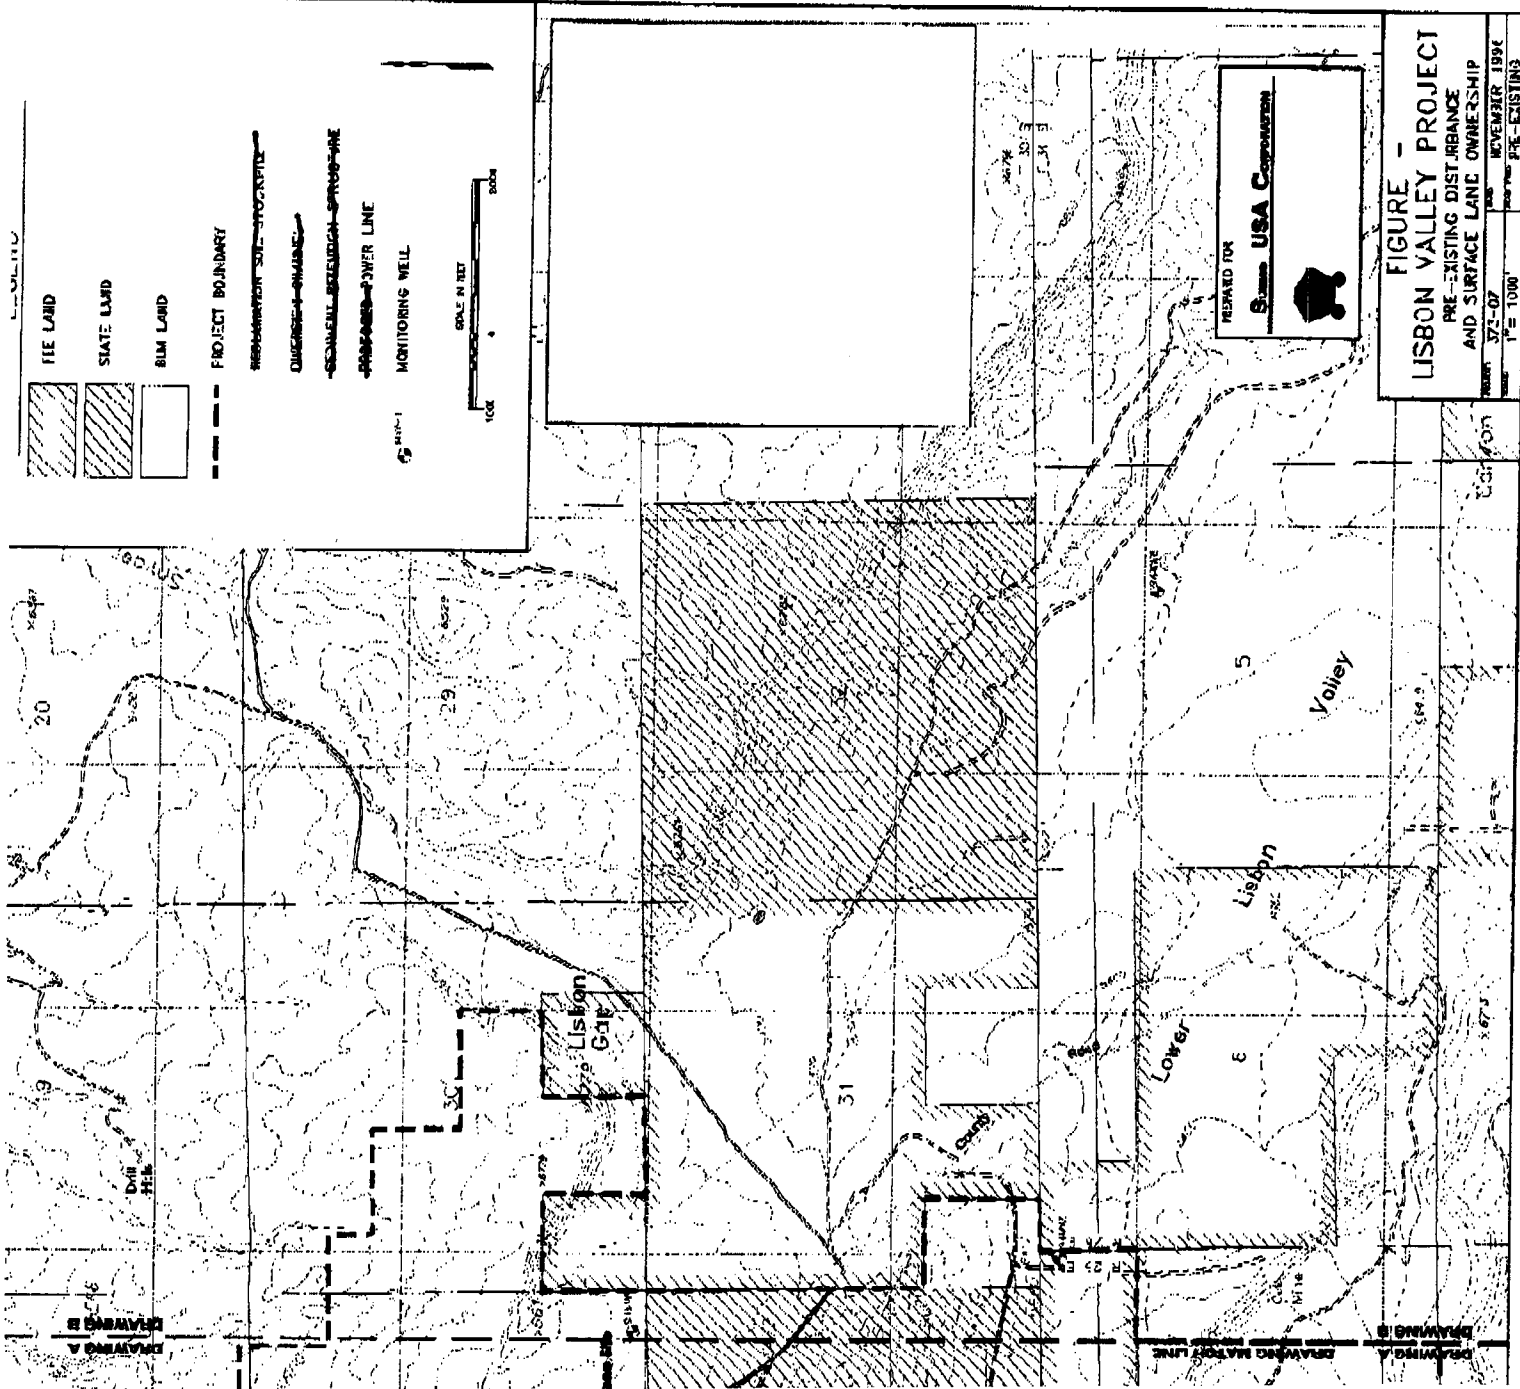

Per my earlier discussions with you I have drafted up the attached map that highlights preexisting activities (roads, pits, overburden stockpiles, powerline and process area). Is this what you were looking for?

Please review and call me with your thoughts. I would like to overnight this to you by tomorrow.

Thanks,

Pat G.!
